Mission Statement

For the Trochu Municipal Library

The Trochu Municipal Library endeavors to provide reading and audio materials, public computer and internet access, information and programming to the residents of the town and surrounding community. It recognizes its role as an informational, recreational and cultural centre. It co-operates and shares resources with all libraries in Alberta through TRAC (The Regional Automation Consortium), TAL (The Alberta Library), and RISE (Rural Information Service Initiative), with on-line access through www.marigold.ab.ca
